Grey Knights

Wherever daemons break through the veil of reality, wherever the powers of the warp manifest in the form of malefic entities or abhorrent possessions, there strike the Grey Knights. Silver- clad psychic templars from the moon of Titan, these selfless warriors risk all to hold back the threat of Humanity's eternal damnation.

INTRODUCTION

Below you will find several **GREY KNIGHTS** Detachments you can select from, as described in the Core Rules (see the Select Detachment rules step). If you are playing a Crusade battle, see the equivalent step in the Mustering a Crusade army section of the main Crusade rules. Each Detachment is a themed fighting force that focuses on one particular combat style employed by the Grey Knights - the rules they include are as follows:

1 DETACHMENT RULE

The Detachment rule listed here will apply to either your whole army or to particular units within it.

2 ENHANCEMENTS

When mustering your army, your chosen Detachment enables you to upgrade **CHARACTERS** using the Enhancements listed here, as described in the Core Rules (see the Select Units step). If you are playing a Crusade battle, you can instead use the Renowned Heroes Requisition to give your **CHARACTERS** Enhancements, as described in the main Crusade rules.

3 STRATAGEMS

Your chosen Detachment gives you access to the Stratagems listed here in addition to the Core Stratagems listed in the Core Rules. During the battle, you can spend Command points (CP) to use these Stratagems. You can find out more about how to use Stratagems **here**.

ARMY RULES

GATE OF INFINITY

Few can command the powers of the Warp with anything like the skill and control of the Grey Knights. So masterful is their sorcery that they can conjure glowing empyric gateways to step in and out of reality. In this way, they swiftly outflank their foes and redeploy their forces to counter threats, kept safe during their split-second Warp travel by the intricate wards worked into their wargear.

If your Army Faction is **GREY KNIGHTS**, at the end of your opponent's Fight phase, you can select a number of units (see below) from your army that are on the battlefield (excluding units that are within **Engagement Range** of one or more enemy units), provided every model in those units has this ability. The maximum number of units you can select depends on the battle size, as follows:

BATTLE SIZE	NUMBER OF UNITS
Incursion	Up to 2 units
Strike Force	Up to 3 units
Onslaught	Up to 4 units

- Place those units in **strategic reserves**.
- Those units can make an **ingress move** in your next Movement phase (including in your first turn).

BROTHERHOOD STRIKE

2DP

When supernatural terrors endanger the very survival of Humanity, strike forces assembled from the might of the Grey Knights brotherhoods deploy to end the threat. Forewarned by the scrying of the Prognosticars, these hosts bring a balance of infantry and armour assets best suited to completing their mission, allied by the mightiest war leaders the Chapter can muster. No weapon or relic of esoteric technology is forbidden to such strike forces. In particular, these warriors wield the potent sorceries of Titan, not only to blast their enemies with excoriating energies but also to rapidly traverse battlefields through coruscating Warp gates. By employing such arcane tactics, the Grey Knights can rapidly outmanoeuvre even the most well-entrenched or fast-moving foes and focus the full wrath of their brotherhood precisely where it is most needed. Heretical rituals are cast into ruin, daemonic demagogues exorcised and slain, and the mightiest foes of the Imperium are purged without mercy by these warrior hosts.

DETACHMENT RULE

HALLOWED CONCLAVE

2DP

The indomitable core of the Grey Knights' fighting forces are their Terminator-armoured battle-brothers. When enough of these heavily equipped combatants gather, their amassed strength and resilience are a match for hosts of enemies many times their number. Incoming fire rattles from blessed and warded Terminator plate while hostile sorcery dwindles to nothing before the Grey Knights' combined Aegis. In return, the hulking templars of Titan maintain unceasing firepower and banishing magicks that winnow the enemy's ranks before their inevitable and overwhelming charge crashes home. Though surrounded by screaming foes, the Grey Knights hack a relentless path ever deeper with their Nemesis blades and hammers singing in their fists. Unstoppable, indefatigable, the Terminators press forward to shatter diabolical rites, seal diabolical Warp gates, slay possessed tyrants and carve the will of the Emperor into the flesh of their foes.

DETACHMENT RULE

DUTY BEFORE ALL

Every Grey Knights Terminator is a tower of strength, a massively armoured living war engine clad in warded truesilver. Seeking to bar the path of such warriors, to entrap them or deny their will, is as futile a course of action as trying to halt an avalanche with bare hands alone.

GREY KNIGHTS TERMINATOR units from your army are eligible to shoot and declare a charge in a turn in which they Fell Back.

ENHANCEMENTS

A miniature facsimile of the silver mirrors used by the Prognosticars, this artefact affords its bearer a glimpse of where they will be needed most in the heat of battle.

GREY KNIGHTS model only. You can target this unit with the **Heroic Intervention** stratagem, regardless of any other uses of that stratagem this phase. If you do:

- That use is -1 CP.
- That use does not prevent any uses of that stratagem on other units this phase.

INESCAPABLE JUDGEMENT (PSYCHIC) ..... 20 PTS

So crushing is this warrior's psychic presence that those he scorns as cowards are slain even as they flee, withering beneath the weight of his disgust.

GREY KNIGHTS model only. Each time an enemy unit within **Engagement Range** of the bearer's unit Falls Back, the bearer can use this Enhancement. If it does, roll one D6: on a 2-5, that enemy unit suffers D3 **mortal wounds**; on a 6, that enemy unit suffers D3+3 mortal wounds. These mortal wounds are **Psychic Attacks**.

SANCTIC REAPER ..... 15 PTS

A veteran of dozens of purgation campaigns, this champion has honed his combat style to cut a bloody path through massed foes easily.

GREY KNIGHTS TERMINATOR model only. Add 3 to the Attacks characteristic of the bearer's melee weapons.

NEMESIS ROUNDS ..... 10 PTS

Empowered through the invocation of true names and carved spells of seeking, each of these precious rounds veers unerringly toward its intended target.

TARGET: One GREY KNIGHTS INFANTRY unit from your army that was selected as the target of one or more of the attacking unit's attacks.

EFFECT: Until the end of the phase, each time a model in your unit is destroyed, if that model has not shot or fought this phase, roll one D6. WHEN: Your opponent's Movement phase, just after an enemy unit ends a **Normal**, **Advance** or **Fall Back move**.

TARGET: One GREY KNIGHTS INFANTRY unit from your army that is within 8" of that enemy unit and not within **Engagement Range** of one or more enemy units.

EFFECT: Your unit can make a **Normal move** of up to D6".

ERRATA Show

SHINING RESOLVE

1CP

HALLOWED CONCLAVE – STRATEGIC PLOY STRATAGEM

Undimmed by pain, hardship or horror, the Grey Knights will to see their duty done burns as bright as a purifying flame.

WHEN: Your opponent's Shooting phase, just after an enemy unit has selected its targets.

TARGET: One GREY KNIGHTS INFANTRY unit from your army that was selected as the target of one or more of the attacking unit's attacks.

EFFECT: Until the end of the phase, each time an attack targets your unit, if the Strength characteristic of that attack is greater than the Toughness characteristic of your unit, subtract 1 from the **Wound roll**.

BANISHERS

2DP

The esoteric arsenal of the Grey Knights is as potent as their armoury of more conventional munitions. Indeed, when the most corrupt or supernatural foes must be defeated, these arcane weapons may prove more powerful than any volume of bolt shells and blades. By bringing together their mightiest psychic warriors and focusing the empyric powers they have learned to wield as no others could, the Grey Knights harness the terrifying might of the Warp without succumbing to its insidious taint. The result is a strike force of warriors wreathed in unnatural flame and shielded by potent warding sigils that whirl about them like an arcane constellation. The air shudders with psychic overpressure as the Grey Knights advance, vox-amplified voices raised in chants of banishment and malediction that ring above the thunder of their guns

and the crackle of their blades. Warp-spawned entities are blasted into ectoplasmic slicks before their advance, while more corporeal foes fall as swiftly before the psychic might of Titan made manifest.

DETACHMENT RULE

CHANNELLED FORCE

So potent is the interwoven mind-choir of this strike force that each individual can syphon off a portion of its gestalt might to empower their weapons of war without diminishing the whole. The result is Nemesis force weapons that blaze like caged psychic stars, leaving trails of witchfire blazing behind every swing and blasting victims into nothing with a single strike.

Each time a GREY KNIGHTS unit from your army is selected to fight, that unit can take a **Leadership test**. If that test is passed, select one of the following rules. Until the end of the phase, that unit has that rule.

- Melee weapons equipped by models in this unit with the [PSYCHIC] ability also have the [SUSTAINED HITS 1] ability.
- Melee weapons equipped by models in this unit with the [PSYCHIC] ability also have the [LETHAL HITS] ability.

GREY KNIGHTS INFANTRY model only. At the start of your Shooting phase, if the bearer's unit is not within **Engagement Range** of one or more enemy units, the bearer can use this Enhancement. If it does, the bearer's unit can make a **Normal move** of up to D6", and until the end of the turn, the bearer's unit is not eligible to declare a charge.

THE SIXTY-SIXTH SEAL ..... 25 PTS

One of the six hundred and sixty-six seals of purity once affixed to the tomb of Vasandrius, the talismanic properties of this artefact lend a keen edge of sacred intolerance to their bearer's armaments.

PYRESOUL (PSYCHIC) ..... 20 PTS

So fiercely do the psychic flames of this warrior's soul burn that they can be conjured forth in blazing columns of spiritual immolation to annihilate the foe.

This muttered incantation conjures a sympathetic shadow of the true darkness beneath Mount Anarch, through which the Grey Knights stride fearlessly to emerge elsewhere than where they began.

WHEN: Your opponent's Movement phase, just after an enemy unit ends a **Normal**, **Advance** or **Fall Back move**.

TARGET: One GREY KNIGHTS PSYKER unit from your army that is within 8" of that enemy unit and is not within **Engagement Range** of one or more enemy units.

EFFECT: Your unit can make a **Normal move** of up to 6" or, if it has the **Deep Strike** ability, it can be placed into **Strategic Reserves**.

SANCTIC SPEARHEAD 2DP

Many Grey Knights task forces are supported by assets drawn from the Chapter's Armoury, be it ward-inscribed armoured transports, ancient Dreadnought battle-brothers, swift Stormraven Gunships or towering Nemesis Dreadknights piloted by the Chapter's greatest warriors. Yet there are threats and foes so monstrous that they must be countered with a mass host of these sanctified engines of war. At such times, the ground shudders beneath pounding adamantine feet, and the grinding tracks of the mightiest battle tanks to roll from the Deimosian forges. Entire flights of silver-grey gunships streak overhead, their holds packed with psychic battle-brothers, their wings guarded by nimble fighter craft. Combat walkers stride from teleport flares just as the rest of their armoured onslaught hits the enemy lines like a thunderbolt, leaving nothing but devastation in their wake. In this way, the Grey Knights shatter the mightiest enemy armies or break through to critical locations in time to stave off calamity.

DETACHMENT RULE

MAILED FIST

Such concentrations of the Grey Knights' armoured power are only unleashed when time is of the essence, and the price of defeat would be utterly disastrous. Knowing all this, these hosts strike with tremendous force and unstoppable momentum, a mailed fist driven straight down the enemy's throat.

Each time a GREY KNIGHTS VEHICLE unit from your army Advances, do not make an **Advance roll** for it; until the end of the phase, add 6" to the Move characteristic of models in that unit, and until the end of the turn, ranged weapons equipped by models in that unit have the [ASSAULT] ability.

ENHANCEMENTS

QUICKENING FOCI ..... 15 PTS

Worked into purity seals or armour inscriptions, these cantrips of haste lend the bearer and their comrades a sudden burst of supernatural speed.

GREY KNIGHTS INFANTRY model only. In your Movement phase, each time the bearer's unit disembarks from a TRANSPORT, until the end of the turn, you can re-roll **Charge rolls** made for that unit.

SIGIL OF EXIGENCE ..... 30 PTS

This powerful and ancient sorcerous ward reacts to imminent peril by wrenching the bearer momentarily out of sync with reality itself.

GREY KNIGHTS model only. Once per battle, in your opponent's Shooting phase, when the bearer's unit is selected as the target of a ranged attack, you can remove the bearer's unit from the battlefield and then set it back up again anywhere on the battlefield that is more than 8" horizontally away from all enemy units. If the bearer's unit is no longer an eligible target, your opponent can then select new targets for any attacks that had targeted the bearer's unit.

AUGURIUM TASK FORCE — 2DP

Empyric scrying, ancient prophecies of cataclysmic events, Warp-sent visions experienced by the Chapter's most potent psykers: by such esoteric means are the Grey Knights sometimes forewarned of where, when and how a threat will arise in far more detail even than is usual. Such omens are never squandered. When allowed to truly prepare, the warriors of Titan ensure they are positioned to prevent the rising peril rapidly. Battles of this sort see the Grey Knights remaining ahead of their enemies as they employ their foreknowledge to anticipate and outmanoeuvre the foe's every strike. Bands of steely-eyed battle-brothers step from blazing teleport flares to gun down flanking forces. Champions of Titan intervene at pivotal moments to send summoning rituals awry or bring supernatural portals crashing down in ruin. Locking blades with fate itself, the Grey Knights hack and parry, stab and slice until they have carved the future into a new and bloody form that benefits the Imperium.

DETACHMENT RULE

PRESCIENT REDEPLOYMENT

Combining the psychic disciplines of precognition and translocation, the Grey Knights rapidly relocate in response to strategic manoeuvres the foe has yet to make.

From the second battle round onwards, at the start of your Movement phase, if you did not select the maximum number of GREY KNIGHTS units from your army using the Gate of Infinity ability at the end of your opponent's previous turn, you can select one GREY KNIGHTS unit from your army that is on the battlefield that could have been selected using the Gate of Infinity ability. Remove that unit from the battlefield and place it into **Strategic Reserves**.

Designer's Note: *This means that your unit can retain its position on the battlefield at the end of your Command phase, and then be placed into Strategic Reserves at the start of your Movement phase, to set it up again in your Reinforcements step in another position.*

ENHANCEMENTS

WARPBANE TASK FORCE

3DP

When daemonic entities corrupt the worlds of the Imperium, Grey Knights forces strike to cleanse unhallowed ground and restore the sanctity of the Emperor's domain. Such formations are raised when only the most obscure and esoteric rituals of purgation will drive the taint of Chaos back into the depths of the Warp. Striding fearlessly into malignant hellscapes, the warriors of the Order of Purifiers lead the assault. The combined psychic might of these anointed champions manifests in an azure fire that ignites the bodies and souls of unclean foes and scours away the taint of witchcraft and infernal

corruption. In place of this excised perversion, an ensorcelled zone of consecration is created, within which the Grey Knights are emboldened and empowered.

DETACHMENT RULE

HALLOWED GROUND

Purging corrupted nodes of Warp energy, the Grey Knights establish an ever-expanding area of hallowed ground within which their psychic powers and indomitable resolve are greatly enhanced.

Certain areas of the battlefield are within your army's Hallowed Ground, as follows:

- Your deployment zone is always within your army's Hallowed Ground.
- The area of the battlefield within 6" of one or more **PURIFIER SQUAD** units from your army is within your army's Hallowed Ground.
- At the start of any phase, if you control at least half of the objective markers within No Man's Land, until the end of that phase, No Man's Land is within your army's Hallowed Ground.
- At the start of any phase, if you control at least half of the objective markers within your opponent's deployment zone, until the end of that phase, your opponent's deployment zone is within your army's Hallowed Ground.

Each time a model in a **GREY KNIGHTS** unit from your army makes a ranged attack that targets a **visible** target or makes a melee attack, re-roll a **Hit roll** of 1. If that unit is a **PURIFIER SQUAD** and/or is wholly within your army's Hallowed Ground, you can re-roll the Hit roll instead.

This warrior is a master slayer whose blade has found the cursed hearts of countless corrupted foes. When fighting within realms cleansed by eldritch power, his psychic might manifests in a nimbus of searing light, and his strikes inflict terrible wounds upon flesh and soul.

GREY KNIGHTS INFANTRY model only. The bearer's melee weapons have the **[PRECISION]** ability, and while the bearer is wholly within your army's Hallowed Ground, each time a melee attack made by the bearer scores a wound, the target of that attack suffers 1 **mortal wound** in addition to any normal damage.

PHIAL OF THE ABYSS ..... 15 PTS

Gifted by the Prognosticars of the Augurium, this ampoule contains cosmic energies syphoned from the event horizon of a Warp singularity. At the prophesied hour, the vial shatters, its contents swirling around the bearer and wreathing them in a localised field of time and light distortion.

Pushing their esoteric wargear to its limits, Interceptors are able to make secondary, shorter personal teleportation jumps, effectively skimming the very surface of the Immaterium to respond all the more quickly to developing threats.

CRUSADE RULES

In this section you'll find additional rules for playing Crusade battles that are bespoke to the GREY KNIGHTS units. You can find out more about Crusade armies in the main Crusade rules.

This section contains the following rules:

VISIONS FROM THE AUGURIUM

The Grey Knights are guided by the Visions of their Prognosticars, striking where they are prophesied to be needed rather than reacting to their foes. The rules in this section task you with heading off the dire predictions of the Prognosticars in an effort to prevent a Chaos Incursion, equip you for dealing with such an incursion, and reward you for doing so to the best of your warriors' formidable abilities.

GIFTS OF THE PRESCIENT

Following a Chaos Incursion, the templars of Titan consolidate their resources but never rest, once more following the prescient wisdom of their Prognosticars, to regain their strength and remain the blade pressed against the throat of Chaos.

AGENDAS

Grey Knights armies can attempt to achieve unique Agendas in addition to those found in other publications. These represent the faction's unique goals and their particular methods of waging war.

REQUISITIONS

Grey Knights armies have access to a number of bespoke Requisitions in addition to those found in other publications.

BATTLE TRAITS

As they gain experience and prowess, GREY KNIGHTS units in your Crusade force can be given one of the Battle Traits in this section instead of one presented elsewhere.

CRUSADE RELICS

In addition to the Crusade Relics presented in other publications, GREY KNIGHTS CHARACTER models can claim one of the Crusade Relics found here.

CRUSADE BADGES

Here you will find three Crusade Badges representing goals you can set yourself when campaigning with your Crusade force. Once one is achieved, you can set yourself a new goal, or take the opportunity to start a new Crusade force.

VISIONS FROM THE AUGURIUM

Within the Augurium, the Prognosticars sift the currents of the Warp, seeking the empyric spoor of daemonic presences at work. Their strategic foretellings enable their battle-brothers to head off these emergent Chaos threats and banish their malefic architects.

At the start of the Select Agendas step, if there are any GREY KNIGHTS CHARACTER units in your Crusade army, you must consult the Prognosticars*. Each time you do, roll a D33 and consult the Augurium Vision tracker to randomly select a Vision; that Vision is now in the Malefic state - this indicates that if left unchecked, that Vision may lead to a Chaos Incursion.

Each time you consult the Prognosticars, if there are currently no Visions in the Malefic state, or if there are four or more Visions in the Sanctic state (see Chaos Incursion), you must randomly select two instead of one.

*You cannot consult the Prognosticars while your Crusade force is combating a Chaos Incursion.

You can attempt to change Visions that are in the Malefic state into the Sanctic state by completing certain Grey Knights Agendas: keep a note of this on your Augurium Vision tracker. Note, you can only change one Vision into the Sanctic state after each battle as a result of completing Agendas, even if you complete multiple Agendas that allowed you to change Visions into the Sanctic state.

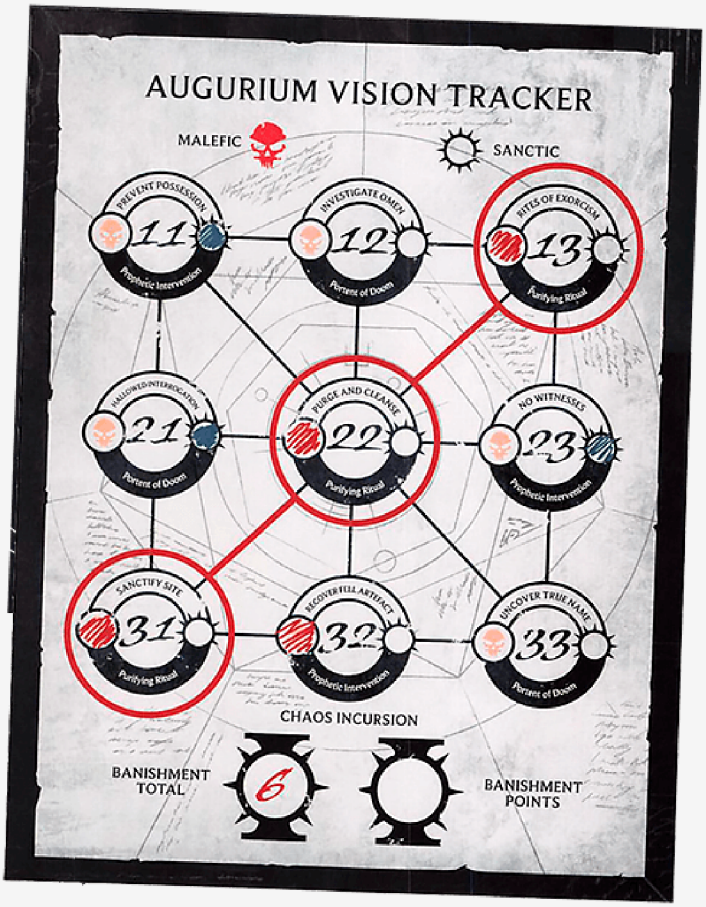

The more Visions that are in the Sanctic state the more Purgation points you will gain later.

Whenever you consult the Prognosticars, if a selected Vision is in the Sanctic state, it changes to the Malefic state instead. If a Vision is already in the Malefic state, roll again until you select one that is not in the Malefic state.

CHAOS INCURSION

The threat posed by the Ruinous Powers is everlasting and omnipresent. The Grey Knights can never relax their vigilance, never cease their tireless war to deny the will of the Dark Gods. With every victory, the templars of Titan stave off the inevitable for a little longer, holding back the tides of horror for another precious day.

At the update Order of Battle step, if any row, column or diagonal of 3 Visions are all in the Malefic state, a Chaos Incursion happens that your Crusade force must combat.

> ***Example:*** *At the Update Order of Battle step, three Visions on the diagonal are in the Malefic state (Sanctify Site, Purge and Cleanse, and Rites of Exorcism). This means a Chaos Incursion has happened and must be combatted!*

Designer's Note: Players should note that a Chaos Incursion is inevitable - the actions and interventions of your Crusade force can delay the inevitable, but their efforts can only hold back the tide for so long. Eventually, a Chaos Incursion will occur. However, it is only during a Chaos Incursion that the Grey Knights' true might and dedication is displayed, and in the aftermath of such events are the deeds of such battle-brothers properly accounted for.

While you are combating a Chaos Incursion, you cannot consult the Prognosticars, and no Visions on your Augurium Vision tracker can change state, either to Malefic or Sanctic, until the incursion has ended.

To end a Chaos Incursion, your Crusade force must acquire a number of Banishment points equal to your Banishment total. To determine your Banishment total, roll one D3 and add the number of Visions that are in the Malefic state on your Augurium Vision tracker when the incursion happened. For example, if 4 Visions are in the Malefic state and the D3 result is 2, your Banishment total for this Chaos Incursion would be 6. Keep a note of your Banishment points on your Augurium Vision tracker; you can earn them in a number of ways, such as by completing certain Agendas, using certain Requisitions and via some Battle Honours. Note that you can only acquire Banishment points while your Crusade force is combating a Chaos Incursion, and you cannot gain them at any other time (any rule that instructs you to do so is ignored).

If, at the end of the Update Order of Battle step, you have reached your Banishment total, you have successfully ended this Chaos Incursion

and you reset your Banishment points to 0. You then gain Purgation points which you can spend to acquire one or more Gifts of the Prescient. Any Purgation points unspent by the time you next consult the Prognosticars are lost.

The number of Purgation points you gain are as follows:

- Each Vision that is in the Sanctic state = 1 Purgation point
- One or more rows or columns of 3 Visions are in the Sanctic state = 1 Purgation point

You should then start a brand new Augurium Vision tracker (with no Visions in either the Malefic or Sanctic state) before you consult the Prognosticars again.

GIFTS OF THE PRESCIENT

As well as foreseeing when and where Warp-tainted threats will arise, the Prognosticars sometimes furnish champions of the Chapter with insights, warnings or relics released from the Chambers of Purity. The vital importance of these boons will become clear only at the foretold moment of greatest need.

After a Chaos Incursion ends, if you have enough Purgation points to do so, you can purchase Gifts of the Prescient Battle Honours for your **GREY KNIGHTS CHARACTERS**. Note that each Gifts of the Prescient Battle Honour can only be given to models with a certain rank or higher - this is detailed at the start of each Battle Honour. The maximum number of Gifts of the Prescient Battle Honours each model in your army can have is based on their rank, as follows:

MAXIMUM NUMBER OF GIFTS OF THE PRESCIENT	RANK
1	Battle-ready
1	Blooded
2	Battle-hardened
2	Heroic
3	Legendary

Each of these Battle Honours is unique - you can only have one instance of each in your Crusade force. When gaining one of these Battle Honours, if that **CHARACTER** already has their maximum number of Battle Honours, you can choose to replace one with a Gifts of the Prescient Battle Honour.

PURGATION POINTS

Purgation points are presented as shown on the left.

AUGURY OF AGGRESSION

The vision speaks of onrushing assailants filled with murderous malice. The warning's recipient has already prepared his response, and the enemy appears precisely as predicted, right in the Grey Knights' gun sights.

Model with the Blooded rank or higher. Once per turn, you can target the bearer's unit with the **Fire Overwatch** or the **Heroic Intervention** Stratagem for 0CP.

HOUR OF NEED

2

The words of the Prognosticars, inscribed in sanctified ink upon vellum, reveal where and when the Grey Knights will be needed. Such accurate foresight allows for a robust and targeted response.

Model with the Battle-ready rank or higher. If your Crusade army includes the bearer, then at the Determine Attacker and Defender step, do not roll off to determine the Attacker and Defender for that battle. Instead, you choose whether you will be the Attacker. If your opponent has the same or a similar rule to become the Attacker, ignore both rules and instead determine the Attacker and Defender normally.

FATE-WOVEN KNOT

2

Appearing deceptively simple, like the fetish of some primitive culture, this knot tied from woven truesilver thread is imbued with strands of fate that lead to the bearer's demise. By cutting the knot at the crucial moment, a Grey Knight also severs the immediate futures in which he is slain.

Model with the Battle-ready rank or higher. Once per battle, at the start of any phase, the bearer can use this Battle Honour. If it does, until the end of the phase, the bearer has a 3+ invulnerable save.

WORDS OF THE RIGHTEOUS

2

An intermingling of abjurer's incantations and interwoven true names, the words upon this crumbling scroll presage the doom of those unworthy souls who are fated to know and fear them.

Model with the Blooded rank or higher. At the start of the Fight phase, each enemy unit within 3" of the bearer must take a **Battle-shock test**, subtracting 1 from that test if it is a **CHAOS** unit.

GEM OF INOKTU (PSYCHIC)

3

One of the fabled gems that fall as rain deep within the gas giant Inoktu, this stone has been inlaid with rare and complex psychocircuitry. Pre-attuned to the psyches of those the gems bearer will face in battle, it allows a killing will to be focused against them.

Model with the Blooded rank or higher. At the start of your Shooting phase, select one enemy unit within 12" of and **visible** to the bearer. Roll one D6, adding 1 to the result if it is a **CHAOS** unit. On a 4+, that enemy unit suffers 3 **mortal wounds**.

CONJUNCTION SIGNATURE

3

A tenuous soul trail teased from the tides of the Warp by the Prognosticars' arts, this signature leads forward through time to the moment where its originators' fates are forged. The Grey Knights can use this knowledge to track and intercept their foes where destiny renders them most vulnerable.

Model with the Heroic rank or higher. You can target the bearer's unit with the **Rapid Ingress** Stratagem for 0CP.

DUTY'S END

3

To know the appointed hour of one's death and to see the one who will inflict it is an experience that would drive many mad with existential terror. For a champion of the Grey Knights, such knowledge merely allows them to prepare, to sell themselves as dearly as possible and do their duty one last time.

Model with the Battle-hardened rank or higher. If the bearer is destroyed by a melee attack, after the attacking unit has finished making its attacks, you can roll one D6, adding 2 to the result if the attacking unit contains an **EPIC HERO**, **MONSTER** or **WARLORD** model: on a 2-3, that enemy unit suffers D3 **mortal wounds**; on a 4-5, that enemy unit suffers 3 mortal wounds; on a 6+, that enemy unit suffers D3+3 mortal wounds.

SIGIL ABNEGATOS

3

Slashed into the stuff of the battlefield with a bloodied blade at the exact moment and place foretold, this ancient design turns the very fabric of reality against the target, holding them at bay on a molecular level.

Model with the Battle-hardened rank or higher. While the bearer is within range of an objective marker that you control, enemy units that are set up on the battlefield from Reserves cannot be set up within 12" of that objective marker.

PORTENTS OF DOOM

3

Knowing the errors and heresies that will doom a foe, the Grey Knights exploit them to the fullest.

Model with the Heroic rank or higher. Each time your opponent targets a unit from their army with a Stratagem, if that unit is a **CHAOS** unit within 12" of the bearer, or if that unit is a non-**CHAOS** unit within 9" of the bearer, increase the cost of that use of that Stratagem by 1CP.

PERICLAEN EYE

3

This talisman grants the bearer visions of dangers about to manifest, allowing them to parry and evade the attacks of those who assail them in battle.

Model with the Battle-hardened rank or higher. Each time a melee attack targets the bearer's unit, if the attacking unit made a **Charge move** this turn, subtract 1 from the **Hit roll**.

MIRROR OF SIGHT DENIED

4

The false present reflected in this sorcerous mirror imposes itself upon the present long enough to fool the foe before its lies fade to reveal the truth.

Model with the Battle-hardened rank or higher. If your army includes one or more models with this ability, after both players have deployed their armies, select up to three GREY KNIGHTS units from your army and redeploy them. When doing so, you can set those units up in **Strategic Reserves** if you wish, regardless of how many units are already in Strategic Reserves.

PRISM OF POTENTIAL

4

This fine crystal glows with moments of opportunity, guiding the bearer and their brothers along a path of rigorous self-improvement.

Model with the Battle-hardened rank or higher. When selecting Agendas for a battle, if the bearer is in your Crusade army, at the Select Agendas step, you can select one additional Grey Knights Agenda.

SCROLLS OF PROPHECY

4

These ancient words, scribed in earlier aeons, reveal how misfortune may be turned to advantage at the precise fated hour with shocking clarity.

Model with the Heroic rank or higher. If the bearer is in your Crusade army, then at the Select Crusade Blessings step, if you are the Underdog, you can select one additional Crusade Blessing.

AGENDAS

If your Crusade army includes any GREY KNIGHTS units, you can select Agendas from those presented here.

PURGE CORRUPTION

Preordained sites of empyric power must be psychically cleansed of corruption lest their creeping taint weaken the barriers holding back the Warp.

At the start of the battle, all table quarters on the battlefield are corrupted. At the start of your Shooting phase, you can select one **GREY KNIGHTS** unit from your Crusade army that is wholly within one table quarter, that is not **Battle-shocked** and is eligible to shoot. That unit is tasked to purge that table quarter and until the end of your turn is not eligible to shoot or declare a charge. At the start of your next turn, or at the end of the battle (whichever happens first), if that unit is wholly within a corrupted table quarter and they are more than 3" from any other table quarter, that table quarter is purged, and that unit gains 1XP. A unit cannot gain more than 3XP per battle from this Agenda.

At the end of the battle, roll one D6, adding 1 to the result for each table quarter that has been purged by your army. On a 7+:

- If you are not combating a Chaos Incursion, you can select one Purifying Ritual Vision on your Augurium Vision tracker and change that vision to the Sanctic state.
- If you are combating a Chaos Incursion, gain 1 Banishment point.

EMPYRIC INTERDICTION

Merely advancing into battle is not a swift enough response to this foe, who must instead be intercepted with a strike from the depths of the Warp.

At the end of your turn, each **GREY KNIGHTS** unit from your Crusade army that arrived using the **Deep Strike** ability this turn and destroyed one or more enemy units this turn gains 1XP. A unit cannot gain more than 3XP per battle from this Agenda.

At the end of the battle, roll one D6, adding 1 to the result for each unit from your army that gained XP from this Agenda. On a 7+:

- If you are not combating a Chaos Incursion, you can select one Prophetic Intervention Vision on your Augurium Vision tracker and change that vision to the Sanctic state.
- If you are combating a Chaos Incursion, gain 1 Banishment point.

UNMAKE OMENS

Visions hint at apocalyptic consequences, should the foe be allowed to continue their labours undisturbed. Yet the Grey Knights may prevent disaster by seizing critical sites of power in enemy territory and undertaking an ancient sorcerous rite.

At the end of the battle, you can select up to three **GREY KNIGHTS** units from your Crusade army that are each within range of a different objective marker that you control. Each unit selected gains 2XP.

At the end of the battle, roll one D6, adding 1 to the result for each objective marker that you control. On a 7+:

- If you are not combating a Chaos Incursion, you can select one Portent of Doom Vision on your Augurium Vision tracker and change that vision to the Sanctic state.
- If you are combating a Chaos Incursion, gain 1 Banishment point.

DESTROY THE INFERNAL

The Grey Knights were created for a singular duty: to battle the Ruinous Powers and bring destruction to all those who work their insidious will.

Each lime a **GREY KNIGHTS** unit from your Crusade army destroys a **CHAOS** unit, your unit gains 1XP (if the destroyed unit was a **MONSTER** or **VEHICLE**, your unit gains 2XP instead). A unit cannot gain more than 4XP per battle from this Agenda.

If you are combating a Chaos Incursion, then at the end of the battle, if 3 or more units from your army gained XP from this Agenda, you gain D3 Banishment points.

NO WITNESSES

True victory for the Grey Knights often encompasses not just the defeat of the foe but the utter annihilation of any who know of their existence or have been tainted by their corrupting touch.

At the end of the battle, if there are no enemy units on the battlefield, each **GREY KNIGHTS** unit from your Crusade army that is on the battlefield gains 2XP instead, and, if you are combating a Chaos Incursion, you gain 1 Banishment point and 1RP.

REQUISITIONS

If your Crusade army includes any GREY KNIGHTS units, you can spend Requisition points (RP) on any of the following Requisitions.

UNSEAL THE SCROLLS 2RP

Ancient prophecies scribed on crumbling parchment are released from the Librarium to provide wisdom.

Purchase this Requisition at the Select Agenda step, when you consult the Prognosticars. Do not randomly determine a Vision; instead, you can select which Vision on your Augurium Vision tracker will be changed to the Malefic state for this battle.

RITES OF BANISHMENT 2RP

In battle's wake, the Grey Knights begin their true labour in this place, a ritual of great and terrible power whose energies are intended to drive back the threat of the uncanny and the tendrils of the Warp.

Purchase this Requisition at the Determine Victor step if you are combating a Chaos Incursion. Roll one D6, adding 2 to the result if you won the battle: on a 4+, you gain 1 Banishment point. If a Chaos Incursion ends as a result of this Requisition, you can select one Vision on your Augurium Vision tracker that is in the Malefic state and change it into the Sanctic state before gaining Purgation points.

DEEDS OF LEGEND 2RP/3RP

The great and terrible achievements of Grey Knights battle-brothers would, were they any other Chapter, be lauded across the Imperium. Instead, they must remain secret, yet they are no less spectacular for all that.

Purchase this Requisition at the Determine Victor step if you were the Victor. You can select a second **GREY KNIGHTS** unit to be Marked for Greatness this battle. If you purchase this Requisition while you are combating a Chaos Incursion, this Requisition costs 2RP; otherwise, it costs 3RP.

MASTER AMONG MASTERS 1RP

Even by the inhumanly exacting standards of the Chapter, this warrior's skill is remarkable to behold.

Purchase this Requisition at any time. Select one **GREY KNIGHTS CHARACTER** unit from your Crusade force with 71XP or more. Each unit can only be selected for this Requisition once. The selected unit gains one additional Battle Trait; this does not count towards the maximum number of Battle Honours a unit can have.

ARMOURED RAIMENT 1RP

Whether it be a Brother-Captain promoted to the rank of Grand Master and offered the chance to pilot a Nemesis Dreadknight, or a champion of the Chapter laid low and interred within a Dreadnought sarcophagus, there are multiple paths to wielding such truesilver-armoured might.

Purchase this Requisition before a battle. Do one of the following:

- Select one **BROTHER-CAPTAIN** unit from your Crusade force with the Heroic rank or higher. Remove that unit from your Crusade force and add one **GRAND MASTER** or **GRAND MASTER IN NEMESIS DREADKNIGHT** unit to your Crusade force.
- Select one **GREY KNIGHTS INFANTRY CHARACTER** or **GRAND MASTER IN NEMESIS DREADKNIGHT** unit from your Crusade force with the Heroic rank or higher that has one or more Battle Scars. Remove that unit from your Crusade force and add one **GREY KNIGHTS VENERABLE DREADNOUGHT** unit to your Crusade force.

The new unit has the same Battle Honours and Battle Scars as the unit it replaced, and until this unit is removed from your Crusade force, each time this unit would gain one or more XP from Dealers of Death, if it destroyed one or more **MONSTER** or **VEHICLE** units during the battle, it gains 1 additional XP. You cannot purchase this Requisition if doing so would cause your Crusade force to exceed its current Supply Limit.

PSYCHO-RECONDITIONING 1RP

After fighting forbidden foes alongside other Chapters, the Grey Knights often use a form of psychic adjustment to scour away their allies' experiences and memories rather than exterminating such valuable warriors. A more nuanced form of this technique is sometimes used on the Grey Knights themselves to rapidly implant new skills and knowledge in place of old.

Purchase this Requisition at any time. Select one **GREY KNIGHTS PSYKER** unit from your Crusade force. Select one Battle Trait that unit currently has (if that unit has a Psychic Fortitude Battle Trait, you must select that Battle Trait) and replace it with a different Grey Knights Battle Trait.

BATTLE TRAITS

When a GREY KNIGHTS unit gains a Battle Trait, you can use one of the tables presented here to determine which Battle Trait that unit has gained.

GREY KNIGHTS UNITS D6

SIGILS OF SWIFTNESS ⚀

Freshly inscribed sorcerous sigils channel wisps of empyric energy to hasten these warriors through the flow of time.

You can re-roll **Advance** and **Charge rolls** made for this unit.

STRIKE SPECIALISTS ⚁

These warriors lay down ceaseless volleys of fire while maintaining the pace required for the Grey Knights' merciless strike operations.

Ranged weapons equipped by models in this unit have the **[ASSAULT]** ability.

FORCE ACUITY ⚂

Through long training and ritual, these battle-brothers have achieved a keener psychic bond with their Nemesis weaponry.

Improve the Armour Penetration characteristic of melee weapons equipped by models in this unit by 1 (this is not cumulative with any other rule that improves the Armour Penetration characteristic of melee weapons equipped by models in this unit).

NO MATTER THE ODDS ⚃

In the midst of battle, Grey Knights can shut out pain, distraction and emotion to bring their full might to bear again and again.

This unit is eligible to shoot and declare a charge in a turn in which it Fell Back, and each time a Walker model in this unit takes a Desperate Escape test, add 1 to the result.

UNYIELDING WARDS ⚄

Worked with litanies of denial and bound with truesilver chains, these obdurate ward-glyphs turn aside the most powerful blows.

Once per battle round, when an attack is allocated to a model in this unit, you can change the Damage characteristic of that attack to 0.

INDEFATIGABLE WILL ⚅

To be the best of even this elite Chapter is to fight all the more fiercely when faced with impossible odds.

Each time a model in this unit makes a melee attack, add 1 to the **Hit roll** if this unit is below its Starting Strength, and add 1 to the **Wound roll** as well if this unit is **Below Half-strength**.

GREY KNIGHTS CHARACTER UNITS

D6

MIGHTY DESTINY

While none beyond the Chapter may ever know of their deeds, there is no denying this champion will achieve incredible things.

At the end of the battle, if this model is on the battlefield and it is Marked for Greatness, it gains an additional 2XP.

SHIELD OF HUMANITY

Although duty may compel him to commit horrific deeds, it still drives this warrior, certain of his own righteousness.

Add 2 to this model's Wounds characteristic and, at the start of your Command phase, this model regains 1 lost wound.

HEROISM IN EXTREMIS

In the darkest times, the disciplined fury of the Grey Knights burns its brightest.

Once per battle, at the start of the Fight phase, this model can use this ability. If it does, until the end of the phase, add D3 to the Attacks characteristic of melee weapons equipped by this model.

PSYCHIC FORTITUDES

The following Battle Traits can only be given to **GREY KNIGHTS PSYKER** units in your Crusade force, and they can only be given to units with the Battle-hardened rank or better. If you are randomly generating a Psychic Fortitude for a **GREY KNIGHTS VENERABLE DREADNOUGHT**, roll a D3 on the following table instead of a D6.

A unit can only have one of these Battle Traits, and having one increases the unit's Crusade points total by +2 rather than the usual +1. Note that you can remove or replace Psychic Fortitude Battle Traits by using the Psycho-reconditioning Requisition.

An Attached unit can only use one Psychic Fortitude at a time - while a Leader with one of these traits is attached to a **Bodyguard** unit with a different one of these traits, only one can be in effect; select which at the Declare Battle Formations step - that trait then applies to the Attached unit until either the Leader unit or the Bodyguard unit is destroyed, at which point the remaining units Psychic Fortitude comes into effect.

Psychic Fortitudes — D6

FORTRESS OF MINDS (PSYCHIC)

These warriors possess such psychic fortitude that, once gathered and focusing their powers, few malevolent entities can overwhelm them.

Models in this unit have the **Feel No Pain 5+** ability against **mortal wounds** and **Psychic Attacks**.

TIDE OF SHADOWS (PSYCHIC)

This squad has learned to wreathe themselves in ever-shifting phantasms born of the Warp, twisting shadows and banks of ethereal mist clouding the minds of those who seek them out.

This unit has the **Stealth** ability.

ASTRAL AIM (PSYCHIC)

A form of psychic communion allows these battle-brothers to triangulate their vision as one, augmenting their marksmanship to a supernatural degree.

Ranged weapons equipped by models in this unit have the [IGNORES COVER] ability and the Range characteristic of ranged Psychic weapons equipped by models in this unit is increased by 6".

FOCUSED MIGHT (PSYCHIC)

The very act of channelling the tightly controlled energies of the Warp through their bodies enhances these warriors' already prodigious might.

Each time a model in this unit makes a **Psychic Attack**, you can re-roll the **Hit roll**.

CHANNELLED FURY (PSYCHIC)

Channelling the primal strength of their hatred through their weaponry causes this squad's every attack to burst with flares of furious psychic fire.

Psychic weapons equipped by models in this unit have the [SUSTAINED HITS 1] ability.

FIRES OF PURGATION (PSYCHIC)

Combining their indomitable wills and the white heat of their hatred for the foe, this band of battle-brothers project them in a manifest wave of psychic fire that rages around them as they charge into battle.

Psychic melee weapons equipped by models in this unit have the [LANCE] ability.

CRUSADE RELICS

When a GREY KNIGHTS CHARACTER model gains a Crusade Relic, you can select one of the Relics presented here.

ARTIFICER RELICS

SOUL GLAIVE

Over centuries of war, a fraction of a Grey Knights essence may imprint itself upon his weapon. In rare cases, this imprint is so strong that it persists after death, and another can wield the blade to combine their psychic might with that of a fallen champion. The Soul Glaive is such a weapon; it is the halberd carried into battle by the 13th Supreme Grand Master of the Grey Knights, Sylas Kalthorn, who defeated the Daemon Prince Ka'laedzar in single combat.

INFANTRY model only. Improve the Strength and Damage characteristics of the bearers melee weapons by 1. The bearer's melee weapons have the **[ANTI-CHAOS 4+]** ability.

CUIRASS OF SACRIFICE

The inner surface of this suit of armour is etched with the names of the many allies that fought and died alongside the Grey Knights in the eternal war against the daemonic. The Cuirass is a reminder to Titan's sons that such sacrifice must not be forgotten. The wearer swears a solemn vow not to dishonour the names of those who have suffered such a fate, not whilst even an ounce of strength remains in his body.

The first time the bearer is destroyed, remove it from play without resolving its **Deadly Demise** ability (if it has this ability). Then, at the end of the phase, roll one D6: on a 2+, set the bearer back up on the battlefield as close as possible to where it was destroyed and not within **Engagement Range** of one or more enemy units, with 3 wounds remaining.

ANTIQUITY RELICS

DOMINA LIBER DAEMONICA

This tome is a relic of Supreme Grand Master Janus, who mastered all six hundred and sixty-six words of banishment, each painstakingly recorded on its pages. In times of need, an exemplar of the Chapter will carry this book into battle, its bindings crackling with arcane energy.

At the end of the battle, if the bearer is wholly within your opponent's deployment zone, roll one D6: on a 5+:

- If you are not combating a Chaos Incursion, you can select one Vision on your Augurium Vision tracker and change it to the Sanctic state.
- If you are combating a Chaos Incursion, you gain 1 Banishment point.

KANTU VAMBRACE

Upon the death world of Kantu, a host of Grey Knights fought a desperate battle to end a daemonic incursion that would have transformed the planet into a daemon world. This vambrace - recovered from atop the carrion heaps in the battles wake and incorporated into afresh suit of armour - became imbued with the indomitable spirits of all those battle-brothers who died to see victory achieved, energies that fortify and protect the bearer even centuries later.

Each time an attack is allocated to the bearer, subtract 1 from the Damage characteristic of that attack.

GYROTEMPORAL VAULT

Within this fist-sized artefact, a spindle of seemingly perpetual chrono-psychic energy spins like a miniature pulsar. What manner of ancient cabal or long-dead xenos civilisation fashioned it is unknown. Regardless, with the correctly applied incantations, temporal energy can be syphoned from the vault's midnight-black surface and projected to alter the flow of time and the fortunes of war by empowering the bearer's allies with incredible speed.

Once per battle, at the start of the Fight phase, the bearer can use this Crusade Relic. If it does, until the end of the phase, models in the bearer's unit have the **Fights First** ability.

LEGENDARY RELICS

HELM OF JANUS

Though mysteries surround this remarkably ancient battle helm, Chapter legend insists that it was first worn by Supreme Grand Master Janus himself. Archeotech auto-archival systems - surely the product of Dark Age artifice - have allowed the helm to catalogue every catechism and incantation invoked by its wearers over millennia. It can implant its arcane knowledge directly into the wearer's mind via cortical shunts, furnishing them with a librarius' worth of psycho-sorcerous lore at their fingertips.

At the start of each battle round, select one Psychic Fortitude Battle Trait. Until the end of the battle round, the bearer has that Psychic Fortitude Battle Trait.

The bearer can use this Crusade Relic to be given a Psychic Fortitude Battle Trait even if this means they would have two Psychic Fortitude Battle Traits. If they do, both apply to the bearer's unit, even though normally only one Psychic Fortitude can be in effect at any time.

CRUSADE BADGES

When your Crusade force accomplishes specific long-term goals, you can earn the Crusade badges shown below, representing your warriors' successes over many battles.

EXEMPLAR OF THE CHAPTER

To become a battle-brother of the Grey Knights Chapter is a remarkable achievement in its own right, yet you strive for more. You have commanded strikes that have banished infernal entities and halted the machinations of the Dark Gods' servants on multiple worlds.

- You have won three or more battles.
- You have ended one or more Chaos Incursions.
- Your Crusade force has 1 or more Gifts of the Prescient.

CHAMPION OF TITAN

On world after world, from one side of the Imperium to the other, you have led the fight to stem the endless tides of Warp corruption. By your deeds, dark prophecies have been ended, and entire Imperial systems have been saved. For this, your name is whispered with loathing by the daemons that lurk in the Warp.

- You have won six or more battles.
- You have ended two or more Chaos Incursions.
- Your Crusade force has three or more Gifts of the Prescient.
- You have used the Armoured Raiment Requisition to add a new unit to your Crusade force.

BANE OF CHAOS

You are the bane of the Archenemy, a paragon of your Chapters virtues, and though your name may never be known elsewhere, it has found a place upon the honour rolls in the Hall of Champions.

- You have won ten or more battles.
- You have ended three or more Chaos Incursions.
- Your Crusade force has five or more Gifts of the Prescient.
- You have completed the No Witnesses Agenda one or more times, or you have scored XP from the Destroy the Infernal Agenda from destroying a **DAEMON PRIMARCH** one or more times.
- You have used the Master Among Masters Requisition one or more times.
