Adeptus Mechanicus

The Adeptus Mechanicus wield strange and arcane technological weapons of phenomenal power. They are as aggressive and unrelenting a foe as they are terrifying, for they prize knowledge above all things, and without a second thought they will shed oceans of blood – both the enemy's and their own – in their endless crusade for its acquisition. Such is the will of the Omnissiah, and his priests will stop at nothing to see that will done.

These include Detachment rules that Adeptus Mechanicus armies can use, along with the Adeptus Mechanicus army rule - Doctrina Imperatives - which is common to many of your units. This section also includes datasheets for Adeptus Mechanicus units; you can find out more about how to use datasheets in Core Rules.

FAQ

FACTION PACK: ADEPTUS MECHANICUS

Q: *When I select one of Thulia Ghuld's Icon of War abilities, when do I select the unit that ability affects?*

A: When you have selected the Icon of War ability you want to use.

Q: *If I target a unit with the Auto-divinatory Targeting Stratagem while the Protector Imperative is active for my army, in what order are the Ballistic Skill modifiers applied?*

A: The Ballistic Skill characteristic of ranged weapons equipped by models in that unit is first changed to 3+ by the Stratagem, then improved by 1 by the Protector Imperative, for a final result of 2+ (assuming no other modifiers apply).

INTRODUCTION

On the following pages you will find several **ADEPTUS MECHANICUS** Detachments you can select from to use in games of Warhammer 40,000, as described in the Core Rules (see the Select Detachment Rules step) If you are playing a Crusade battle, see the equivalent step in the Mustering a Crusade Army section of the main Crusade rules. Each Detachment is a themed fighting force that focuses on one particular combat style employed by your chosen faction - the rules they include are as follows:

1 DETACHMENT RULE

The Detachment rule listed here will apply to either your whole army or to particular units within it.

2 ENHANCEMENTS

When mustering your army, your chosen Detachment enables you to upgrade **CHARACTERS** using the Enhancements listed here, as described in the Core Rules (see the Select Units step). If you are playing a Crusade battle, you can instead use the Renowned Heroes Requisition to give your **CHARACTERS** Enhancements, as described in the main Crusade rules.

3 STRATAGEMS

Your chosen Detachment gives you access to the Stratagems listed here in addition to the Core Stratagems listed in the Core Rules. During the battle, you can spend Command points (CP) to use these Stratagems.

ARMY RULES

DOCTRINA IMPERATIVES

An Adeptus Mechanicus army marching to war is a sight both terrifying and glorious, each holy warrior a disturbing fusion of Human and machine. While the ruling Tech-Priests and their fanatical followers raise modified voices in praise of the Machine God, their Skitarii soldiery and Servitor creations are controlled by doctrina imperatives loaded by their masters to augment and adapt the warriors' abilities.

At the start of the battle round, you can select one of the Doctrina Imperatives below. Until the end of the battle round, that Doctrina Imperative is active for your army, and all units from your army that have the Doctrina Imperatives ability gain the relevant abilities shown below.

Protector Imperative

- Ranged weapons equipped by models in this unit have the **[HEAVY]** ability.
- Improve the Ballistic Skill characteristic of ranged weapons equipped by models in this unit by 1.
- Each time a melee attack targets this unit, if this unit has the **BATTLELINE** keyword and/or it is within 6" of one or more friendly **ADEPTUS MECHANICUS BATTLELINE** units, subtract 1 from the **Hit roll**.

Conqueror Imperative

- Ranged weapons equipped by models in this unit have the **[ASSAULT]** ability.
- Improve the Weapon Skill characteristic of melee weapons equipped by models in this unit by 1.
- Each time a model in this unit makes an attack, if this unit has the **BATTLELINE** keyword and/or it is within 6" of one or more friendly **ADEPTUS MECHANICUS BATTLELINE** units, improve the Armour Penetration characteristic of that attack by 1.

DETACHMENT RULE

RAD-BOMBARDMENT

Whether as a result of natural phenomena, apocalyptic internecine strife or calamitous accidents, many forge worlds are heavily irradiated. When holy wars of requisition are unleashed, the Tech-Priests think nothing of turning this invisible curse upon their foes, bombarding the battlefield with deadly radiation prior to an assault.

BATTLE ROUND 1

BOMBARDMENT

At the start of the first battle round, for each enemy unit within your opponent's deployment zone, your opponent must decide whether that unit will take cover or stand firm. You then roll one D6 for each of those enemy units and apply the relevant result below:

- **Unit Standing Firm:** On a 3+, that unit suffers D3 **mortal wounds**.
- **Unit Taking Cover:** That unit is **battle-shocked**. On a 5+, that unit suffers D3 **mortal wounds**

BATTLE ROUND 2 ONWARDS

FALLOUT

At the start of your Command phase during the second, third, fourth and fifth battle rounds, roll one D6 for each enemy unit within your opponent's deployment zone. On a 3+, that unit suffers 1 mortal wound and must take a Battle-shock test.

CYBER-PSALM PROGRAMMING

In advance of a Cohort Cyberneticas battles, the Legios most talented Datasmiths will feed dogmatic auto-scripture into the programming cores of their robotic charges, as well as oracular schematics and tactical hymnals that delineate the strategy to come. So blessed, the Cohorts robots add their own grinding chants of static to a systematic chorus of praise in the Omnissiah's name.

Add 2" to the Move characteristic of models in LEGIO CYBERNETICA units from your army. In addition, unless that unit is **Battle-shocked**, add 1 to the Objective Control characteristic of models in that unit.

ENHANCEMENTS

NECROMECHANIC ..... 20 PTS

The blessed healing of machinery is the sign of a true shepherd of the Omnissiah's flock.

TECH-PRIEST model only. Once per battle round, when a saving throw made for a friendly LEGIO CYBERNETICA or ADEPTUS MECHANICUS VEHICLE model within 12" of the bearer is failed, the bearer can use this Enhancement. If they do, change the Damage characteristic of that attack to 0.

LORD OF MACHINES ..... 15 PTS

An intense burst of viral static can overload those machine spirits yoked to the service of the enemy.

TECH-PRIEST model only. Once per turn, at the start of your opponent's Shooting phase, select one enemy VEHICLE unit within 12" of and visible to the bearer. That unit must take a **Leadership test**: if that test is passed, until the end of the phase, each time a model in that unit makes an attack, subtract 1 from the **Hit roll**; if that test is failed, that unit is not eligible to shoot this phase.

EMOTIONLESS CLARITY ..... 10 PTS

With a mind unsullied by the passions common to the flesh, a Tech-Priest can entreat the machine spirit of a dying war engine to enact one final triumph.

TECH-PRIEST model only. Once per turn, when a friendly LEGIO CYBERNETICA or ADEPTUS MECHANICUS VEHICLE model with the **Deadly Demise** ability that is within 12" of the bearer is destroyed, the bearer can use this Enhancement. If it does, do not roll to determine whether any **mortal wounds** are inflicted as a result of that model's Deadly Demise ability. Instead, mortal wounds are automatically inflicted.

ARCH-NEGATOR ..... 5 PTS

Feeding magneto-voltaic arcs and deadly frequencies into their weapons, the Tech-Priest is death incarnate to blasphemies against the Machine God.

TECH-PRIEST model only. Ranged weapons equipped by the bearer have the [ANTI-VEHICLE 4+] ability.

DETACHMENT RULE

MURDEROUS IMPERATIVE

The Skitarii fighting in a focused clade all but vibrate with the inloaded need to kill. This manifests not as wild rage, however, but rather as a coldly efficient drive to acquire the next target, bring it down with pinpoint fire or neatly placed thrusts, then find a new victim and repeat in an infinite loop.

Each time a model in a SKITARII unit from your army makes an attack:

- If the Protector Imperative is active for that unit, re-roll a **Hit roll** of 1.
- If the Conqueror Imperative is active for that unit, re-roll a **Wound roll** of 1.

ENHANCEMENTS

OMNICOGITATOR ..... 25 PTS

This unique tactical-cogitation augmetic provides its bearer with a wealth of situation-appropriate responses in even the most intense battle.

SKITARII MARSHAL model only. The Conqueror Imperative and Protector Imperative are both active for the bearer's unit.

MARTIAL SIGNATUM AMPLIFICATOR ..... 15 PTS

This strange device taps into the data-tethers that carry Skitarii command imperatives and disseminates them to other, less soldierly servants of the Omnissiah.

TECH-PRIEST model only. Models in the bearer's unit have the SKITARII keyword.

BELICOSA-CLASS CAPACITOR VANES ..... 25 PTS

These slender conductor vanes channel esoteric energies into nearby weapon systems, rendering their machine spirits rapacious and bellicose.

ADEPTUS MECHANICUS model only. Add 6" to the Range characteristic of ranged weapons equipped by models in the bearer's unit, and add 1 to the Strength characteristic of those weapons.

OMNISSIAH'S FURY ..... 10 PTS

A Skitarii Marshal implanted with this thoracic augmetic feels the Machine God's molten fury flowing through their veins and out into the weapons they wield in battle.

SKITARII MARSHAL model only. Add 2 to the Attacks characteristic of melee weapons equipped by the bearer, and improve the Armour Penetration and Damage characteristics of those weapons by 1.

WHEN: Your Movement phase, just after an **ADEPTUS MECHANICUS** unit from your army Falls Back.

TARGET: That **ADEPTUS MECHANICUS** unit.

EFFECT: Until the end of the turn, your unit is eligible to shoot in a turn in which it Fell Back. If your unit has the **SKITARII** keyword, your unit is eligible to shoot and declare a charge in a turn in which it Fell Back instead.

UNSHACKLED WRATH — 1CP

EFFECT: Select the **[SUSTAINED HITS 1]** or **[LETHAL HITS]** ability. Until the end of the phase, ranged weapons equipped by models in your unit have the selected ability. You can instead select the **[SUSTAINED HITS 1]**, **[LETHAL HITS]** and **[HAZARDOUS]** abilities to apply to those weapons until the end of the phase.

THREAT-COGITATION TARGETERS — 1CP

WHEN: Your Shooting phase.

TARGET: One **SKITARII VEHICLE** unit from your army that has not been selected to shoot this phase.

WHEN: Your opponent's Shooting phase, just after an enemy unit has shot.

TARGET: One SKITARII INFANTRY unit from your army that lost one or more models as a result of the attacking unit's attacks.

EFFECT: Your unit can shoot as if it were your Shooting phase, but must target only that enemy unit when doing so, and can only do so if that enemy unit is an eligible target.

HALOSCREED BATTLE CLADE 3DP

Tech-Priests often monitor their forces remotely, but those who lead battle clades take this intervention to an extreme, exerting even finer control over their thralls. Projecting fragments of their consciousness through the noospheric battle-sphere, they override the autonomy of their soldiery and inload tactical information, target coordinates and vector directives into cybernetic minds. Such assistance is gratefully received by the Machine God's faithful, who feel blessed by the rush of divine wisdom and implanted knowledge.

DETACHMENT RULE

NOOSPHERIC TRANSFERENCE

Tech-Priests can override the will of their thralls and project martial data inloads into the minds of their warriors, blessing the soldiery with endless streams of precisely tailored binharic code.

In your Command phase, select one or more **ADEPTUS MECHANICUS** units from your army (including units that are embarked within **TRANSPORTS**). The maximum number of units you can select depends on the battle size, as follows:

INCURSION:	**1 UNIT**
STRIKE FORCE	**2 UNITS**
ONSLAUGHT	**3 UNITS**

Until the start of your next Command phase, those units gain the **HALO OVERRIDE** keyword. Then, select one of the Override abilities below. Until the start of your next Command phase, units from your army with the **HALO OVERRIDE** keyword have the selected Override ability:

Electromotive Energisation

Add 2" to the Move characteristic of models in this unit.

Microactuator Bracing

Add 1 to the Toughness characteristic of models in this unit.

Predation Protocols

This unit is eligible to declare a charge in a turn in which it Advanced.

Muted Servomotors

Models in this unit have the **Stealth** ability.

ENHANCEMENTS

TRANSORACULAR DYAD WAFERS ..... 15 PTS

Inloaded with advanced combat protocols, tactical hymnals and holy autoscripture, these doctrina wafers grant greater autonomy and destructive might to the constructs of the Legio Cybernetica.

CYBERNETICA DATASMITH model only. When the bearer is **attached** to a KASTELAN ROBOTS unit, until the end of the battle, models in that unit gain the **HALO OVERRIDE** keyword. That unit cannot be selected when selecting units as part of the Noospheric Transference Detachment rule.

SANCTIFIED ORDNANCE ..... 10 PTS

The ammunition borne to battle by this disciple of the Machine God and those at their command has been subjected to ritual anointings and autosermonic blessings, lending it far greater stability.

ADEPTUS MECHANICUS model only. Add 6" to the range characteristic of ranged weapons equipped by models in the bearer's unit and, each time a Hazardous test is taken for that unit, you can re-roll the result.

INLOADED LETHALITY ..... 15 PTS

The ancient noospheric receptors implanted into this field commander enable them to receive constant streams of binharic kill code and static prayer chants, lending them greater strength and martial prowess.

TECH-PRIEST DOMINUS or TECH-PRIEST MANIPULUS model only. Add 3 to the Attacks characteristic of the bearer's melee weapons and add 1 to the Damage characteristic of the bearer's melee weapons.

STRATAGEMS

ERADICATION PROTOCOLS — 1CP

HALOSCREED BATTLE CLADE – BATTLE TACTIC STRATAGEM

Fresh imperatives flow down from on high. The orders are simple: eliminate the foe.

WHEN: Your Shooting phase or the Fight phase.

TARGET: One **ADEPTUS MECHANICUS** unit from your army that has not been selected to shoot or fight this phase.

EFFECT: Until the end of the phase, each time a model in your unit makes an attack, re-roll a **Wound roll** of 1, and, if it is a **HALO OVERRIDE** unit, re-roll a **Hit roll** of 1.

TARGETING OVERRIDE — 1CP

HALOSCREED BATTLE CLADE – BATTLE TACTIC STRATAGEM

Experienced Tech-Priests rapidly analyse the foe's weaknesses and feed the resultant data to their soldiers, who exploit these flaws to destroy their targets.

WHEN: Your Shooting phase or the Fight phase.

TARGET: One **ADEPTUS MECHANICUS** unit from your army that has not been selected to shoot or fight this phase.

EFFECT: Until the end of the phase, each time a model in your unit makes an attack, an unmodified **Hit roll** of 5+ scores a Critical Hit.

NEURAL OVERLOAD — 1CP

HALOSCREED BATTLE CLADE – STRATEGIC PLOY STRATAGEM

By projecting their consciousness into the minds of tech thralls, a Tech-Priest may significantly enhance their warriors' lethality. However, doing so risks overloading their combat units' more limited neural networks. Such hazards are seen as an opportunity to give one's life in the name of the Omnissiah.

WHEN: Your Movement phase.

TARGET: One **ADEPTUS MECHANICUS** unit from your army.

EFFECT: If your unit is a **HALO OVERRIDE** unit, it suffers D3 **mortal wounds**. Select one Override ability. Until the start of your next Command phase, that ability is active for your unit.

Designer's Note: *This means that if the targeted unit already has the* **HALO OVERRIDE** *keyword, it can be affected by multiple Override abilities at the same time, but suffers mortal wounds to do so. Alternatively, if your unit does not have the* **HALO OVERRIDE** *keyword, it instead has the chosen Override ability until the start of your next Command phase, but does not benefit from any other Override abilities that are active.*

AGGRESSIVE IMPULSE — 1CP

HALOSCREED BATTLE CLADE – STRATEGIC PLOY STRATAGEM

Urgent imperatives flood into the crew thralls of Skitarius transport units, urging them to deploy their cargo of cybernetic soldiers into the heart of the fight.

WHEN: Your Movement phase.

TARGET: One SKORPIUS DUNERIDER model from your army that has not been selected to move this phase.

EFFECT: Until the end of the turn, each time an ADEPTUS MECHANICUS unit disembarks from that model after it has made a **Normal move**, that unit makes an **assault disembark move** (Core Rules, 18.06) for that disembarkation.

GUIDED RETREAT — 1CP

HALOSCREED BATTLE CLADE – STRATEGIC PLOY STRATAGEM

From their distant strategium pulpit, the Tech-Priest commander's guiding hand descends, seizing control of allied minds, steering their troops carefully away from harm whilst maintaining a hail of killing fire.

WHEN: Your Movement phase, when a friendly ADEPTUS MECHANICUS unit is selected to make a **fall-back move**.

TARGET: That ADEPTUS MECHANICUS unit.

EFFECT:

- If your unit is a HALO OVERRIDE unit, your unit can re-roll **hazard rolls**.
- That **fall-back move** does not prevent your unit from:
  - Being **eligible to shoot**.
  - Being **eligible to declare a charge**.

ANALYTICAL DIVINATION — 1CP

HALOSCREED BATTLE CLADE – STRATEGIC PLOY STRATAGEM

Tech-Priest commanders process an overwhelming influx of data screeds, analysing this information to read the flow of battle and coordinate the movements of their thralls.

WHEN: Your opponent's Movement phase, just after an enemy unit ends a **Normal**, **Advance** or **Fall Back move**.

TARGET: One ADEPTUS MECHANICUS INFANTRY unit (excluding KATAPHRON units) from your army that is within 8" of that enemy unit and not within **Engagement Range** of one or more enemy units.

EFFECT: Your unit can make a **Normal move** of up to D6", or up to 6" instead if it is a HALO OVERRIDE unit.

CRUSADE RULES

In this section you'll find additional rules for playing Crusade battles that are bespoke to ADEPTUS MECHANICUS **units. You can find out more about Crusade armies in the main Crusade rules.**

This section contains the following additional rules:

THE SEARCH FOR ARCHEOTECH

Your **ADEPTUS MECHANICUS** Crusade force will be seeking out rare pieces of archeotech for your **TECH-PRIESTS** to use in battle, as well as Power Sources to give them life. Additionally, they can take on the task, if you choose, of hunting legendary Archeotech Treasures.

AGENDAS

ADEPTUS MECHANICUS units can attempt to achieve unique Agendas in addition to those found in other publications. These represent the faction's goals and their particular methods of waging war.

REQUISITIONS

ADEPTUS MECHANICUS armies have access to a number of bespoke Requisitions in addition to those found in other publications.

BATTLE TRAITS

As they gain experience and prowess, **ADEPTUS MECHANICUS** units in your Crusade force can be given one of the Battle Traits in this section instead of one presented elsewhere.

CRUSADE RELICS

In addition to the Crusade Relics presented in other publications, **ADEPTUS MECHANICUS CHARACTER** models can claim one of the Adeptus Mechanicus Crusade Relics.

CRUSADE BADGES

Here you will find three Crusade Badges representing goals you can set yourself when campaigning with your Crusade force. Once you have achieved one, you could set yourself a new goal, or take the opportunity to start a new Crusade force.

THE SEARCH FOR ARCHEOTECH

If your Crusade force includes any ADEPTUS MECHANICUS units, it can embark upon the search for rare technological fragments, then assemble these into artefacts of formidable power.

Each battle offers the Adeptus Mechanicus a chance to track down elusive archeotech - either from their enemies, or from the battlefield itself. These rare technological fragments can be used to craft powerful new upgrades for units from your army.

ARCHEOTECH PARTS

Each time you win a battle, roll one D6: on a 5+, your Crusade force acquires one Archeotech Part. You can either choose for that part to be a Power Source or determine its type by rolling one D6 and consulting the table below.

POWER SOURCE

Archeotech Treasures require Power Sources to drive them. A Power Source can be combined with any of the other Archeotech Parts to create a final, complete item.

Archeotech Part	D6
WEAPON PART	⚀ ⚁
Some of the deadliest and most arcane weapons used during the Dark Age of Technology have survived, their capabilities undimmed.	
FORCE FIELD PART	⚂ ⚃
Emitting pulses of energy that repel or feed off the enemy's attacks, these exotic technologies are unlike anything the Tech-Priests can replicate.	
TECHNO-ARCANA PART	⚄ ⚅
These bizarre relics, once empowered, interact with the Machine God's faithful in unusual ways, their spirits responding to certain, holy cant.	

The exact nature of the part you have discovered is determined when you assemble it into an Archeotech Treasure. Record each type of Archeotech Part you acquire on your Order of Battle.

ASSEMBLING ARCHEOTECH TREASURES

Once you have acquired an Archeotech Part and a Power Source, you can assemble them into an Archeotech Treasure using the Assemble Archeotech Requisition. To do so, you will need one Power Source and one of the following:

1 Weapon Part	
1 Force Field Part	
1 Techno-arcana Part	

First choose the type of part you wish to use, then roll one D6 and consult the relevant table on the following pages to determine the nature of the weapon or ability that Archeotech Treasure will confer on its bearer. If you are unhappy with the result, you can use one additional Power Source to re-roll that D6 a single time.

Each time you assemble an Archeotech Treasure, remove the parts you used to assemble it from your Order of Battle, then select one **TECH-PRIEST** unit (excluding **EPIC HEROES**) from your Crusade force. That unit adds that Archeotech Treasure to its collection, and its Crusade points are increased by 1; make a note of this on its Crusade card.

When mustering your Crusade army, each **TECH-PRIEST** unit (excluding **EPIC HEROES**) from your Crusade army can be equipped with up to one of each of the following Archeotech Treasures from its collection:

- 1 archeotech weapon
- 1 archeotech force field
- 1 archeotech techno-arcana

ARCHEOTECH WEAPON

FORCE FIELD

The bearer has one of the following abilities.

Force Field — D6

VOID SHELL

Once per battle, at the start of any phase, this model can use this ability. If it does, until the end of the phase, this model has a 2+ invulnerable save.

ARC IMPLANTS

Once per battle, in your opponent's Charge phase, just after this model's unit has been selected as a target of an enemy unit's charge, this model can use this ability. If it does, until the end of the phase, subtract 2 from **Charge rolls** made for that enemy unit.

TIME SINK

At the start of the Fight phase, select one enemy unit within **Engagement Range** of this model and roll one D6: on a 4+, until the end of the turn, reduce the Weapon Skill characteristic of melee weapons equipped by that enemy unit by 1.

CONVERSION ERADICATOR

Improve the Strength and Armour Penetration characteristics of ranged weapons equipped by this model by 1.

INVERSE POWER FEEDS

Melee weapons equipped by this model have the [DEVASTATING WOUNDS] ability.

TECHNODERMIS

Improve the Save and Wounds characteristics of this model by 1.

ARCHEOTECH TECHNO-ARCANA

The bearer has one of the following abilities.

Archeotech Techno-Arcana D6

HAGIOSCOPE

At the start of the battle, select one enemy unit. Each time an **ADEPTUS MECHANICUS** unit from your Crusade army makes a ranged attack that targets that enemy unit, you can ignore any or all modifiers to the **Hit roll**, the **Wound roll** and the Ballistic Skill characteristic of that attack.

EXO-GAUNTLET

At the start of the battle, select one enemy unit. Each time an **ADEPTUS MECHANICUS** unit from your Crusade army makes a melee attack that targets that enemy unit, re-roll a **Hit roll** of 1.

FERROSANCTIC ORRERY

At the start of the battle, select up to two **ADEPTUS MECHANICUS** units from your Crusade army, then select one objective marker that is not in your deployment zone. While a unit you selected for this ability is within range of that objective marker, improve the Leadership and Objective Control characteristics of models in that unit by 1.

OBSCUROPTIKON

At the start of the battle, select up to two **ADEPTUS MECHANICUS INFANTRY** units from your Crusade army. Each time an enemy unit makes a ranged attack that targets one of those units, until the end of the phase, models in the targeted unit have a 5+ invulnerable save against ranged attacks.

TRI-DIMENSIONAL COVENANT

At the start of the battle, select up to two **ADEPTUS MECHANICUS INFANTRY** units from your Crusade army. Until the end of the battle, add 1 to **Advance** and **Charge rolls** made for those units.

HYPERCIRCUIT

At the start of the battle, select up to two **ADEPTUS MECHANICUS** units [excluding **VEHICLES**) from your Crusade army. Once per battle per selected unit, you can target that unit with the **Heroic Intervention** Stratagem for 0CP, and can do so even if you have already targeted a different unit with that Stratagem this phase.

LEGENDARY ARCHEOTECH

In addition to the Archeotech Treasures your TECH-PRIESTS can be equipped with, your Crusade force can also seek out pieces of Legendary Archeotech - unique artefacts that can turn the tide in particularly critical battles.

To claim a piece of Legendary Archeotech, you must first collect Location Data over the course of several battles, then use that data to scan the battlefield for Legendary Archeotech. If such a prize is located, you can attempt to claim it using the Claim Legendary Archeotech Agenda. You can Collect Location Data (see below) or Scan for Legendary Archeotech (see below); you cannot do both in a single battle.

COLLECT LOCATION DATA

Before a battle, just before you select Agendas, you can choose to search for Legendary Archeotech. If you do, at the end of the battle, instead of acquiring any Archeotech Parts, your Crusade force collects 1 piece of Location Data. Record your Location Data total on your Order of Battle.

SCAN FOR LEGENDARY ARCHEOTECH

Before a battle, just before you select Agendas, you can attempt to scan the battlefield for Legendary Archeotech using the Location Data you have collected. To do so, roll one D6 and add the result to your Location Data total. On a 10+, the scan succeeds - you have discovered a piece of Legendary Archeotech on the battlefield and can attempt to claim it.
Otherwise, the scan fails and you lose 1 piece of Location Data.

If the scan succeeds, you can select the Claim Legendary Archeotech Agenda (see below).

CLAIM LEGENDARY ARCHEOTECH

Legends of technological artefacts have been passed from one forge world to another. These devices must be found; sacrifices to acquire such knowledge are a small price to pay.

At the start of the battle, your opponent must place one Legendary Archeotech marker in their deployment zone, more than 3" away from all battlefield edges and more than 6" away from all objective markers. Players can control this marker as if it were an objective marker, but it does not count as an objective marker for any other rules purposes.

If you complete this Agenda, you can immediately add one piece of Legendary Archeotech to your Crusade force using the Legendary Archeotech table (see opposite), re-rolling any results that duplicate a piece your Crusade force already has. Whether you complete this Agenda or not, reduce your Location Data total by 10, to a minimum of 0.

At the end of the battle, if an **ADEPTUS MECHANICUS CHARACTER** unit from your Crusade army controls this marker, you have claimed the Legendary Archeotech and this Agenda is completed. If a **CHARACTER** unit from your opponent's army controls it at the end of the battle, that **CHARACTER** unit gains 3XP.

Legendary Archeotech D6

THE DOOM OF THORANTUS

This device is an incorporeal vortex of encoded data that has haunted many repositories. The swirl of ancient logic is said to be a manifestation of the Machine God's spite, for myths portray its attendant machine spirits as viciously cursing the rival spirits of enemy engines.

Once per battle, at the end of your Movement phase, select one enemy **VEHICLE** unit within 18" of and visible to the bearer. Until the start of your next Movement phase, subtract 2 from the Attacks characteristic of ranged weapons equipped by models in that unit, and each time that unit ends a **Normal**, **Advance**, Fall Back or **Charge move**, it suffers D6 **mortal wounds**.

SYNTAXIK CHARGER

According to the ravings of Magos Revka this terrifying weapon from the Dark Age of Technology unleashes nothing less than an echo of the Machine God's own voice in an utterance not meant for the ears of mortals.

The bearer gains the following weapon for the battle:

One Shot: The bearer can only shoot with this weapon once per battle.
Sonic Devastation: In your Shooting phase, after this model has shot, select one enemy unit hit by one or more of those attacks made with this weapon. Until the start of your next turn, worsen the Weapon Skill characteristic of melee weapons equipped by models in that unit by 1.

RANGE	A	BS	S	AP	D
Syntaxik Charger ANTI-INFANTRY 2+ DEVASTATING WOUNDS ONE SHOT SONIC DEVASTATION					
24"	8	3+	3	0	1

AUGUR OF THE FIRST RECLAMATION

Little is known of this masterpiece of divinatory metrology, depicted carried by hieromartyrs of dozens of forge worlds throughout the millennia. This holy scanner is believed to be able to resonate when the bearer's most desired acquisition is nearby.

Add 2 to the bearer's Objective Control characteristic, and at the end of your Command phase, if the bearer is within range of an objective marker that is not in your deployment zone, you gain 1CP. in addition, at the end of the battle, if the bearer was in your Crusade army and you won that battle, roll one D6: on a 4+, your Crusade force acquires one Archeotech Part.

USING LEGENDARY ARCHEOTECH

If your Crusade force has claimed one or more pieces of Legendary Archeotech, you can choose to bring one of them into battle to help achieve your goals. To do so, before the battle, during the Purchase Requisitions step, you can purchase the Auto-Sermon of Deployment Requisition.

AGENDAS

If your Crusade army includes any **ADEPTUS MECHANICUS** units, you can select Agendas from those presented here.

COLD LOGIC

Efficiency and the rigid application of cause and effect are valued highly by the Tech-Priests - few other metrics of success are relevant.

Each time a **SKITARII** unit from your Crusade army destroys an enemy unit with a ranged attack, that **SKITARII** unit gains 1XP (to a maximum of 3XP per unit per battle) if either of the following applies:

- The Protector Imperative is active for your army and that **SKITARII** unit is wholly within your deployment zone.
- The Conqueror Imperative is active for your army and that enemy unit was wholly within your opponents deployment zone.

TECH SCAVENGERS

The greater the enemy's mechanical giants, the greater their misuse of the Omnissiah's gifts. The monstrosity must be purged in order to discover its secrets. Where there was once purity, the spark of life can yet be returned. Where there was only corruption, no part can be allowed to survive.

At the start of the battle, after both players have finished deploying, select the **VEHICLE** unit with the highest points value in your opponent's army (if two or more units are tied, select one). If an **ADEPTUS MECHANICUS** unit from your Crusade army destroys that enemy unit, it gains 3XP.

When that enemy unit is destroyed, place a marker on the battlefield as close as possible to where it was destroyed. At the end of the battle, if an **ADEPTUS MECHANICUS** unit from your Crusade army is within 3" of that marker, your Crusade force acquires one Archeotech Part.

OMNISSIAH'S WILL

The Omnissiah is all-seeing and all-knowing. Even in this forsaken place, those who vow to slay the unbelievers to the sonorous static-psalms demanded by doctrine may be granted divine inspiration.

Once per battle, at the start of your Command phase, you can choose to bring glory to the Omnissiah. If you do, until the start of your next turn, each time a **CULT MECHANICUS** unit from your Crusade army destroys an enemy unit, that unit gains 1XP and each **TECH-PRIEST** unit from your Crusade army that is on the battlefield gains 1XP.

BREAK THE SEALS

Rumour and binharic whispers have led to this place, with the promise of an unplundered archeocrypt or the buried remnants of an ancient war. For those with the fortitude to break the seals on such an ancient repository, the rewards could be great indeed.

At the start of the battle, select one objective marker in your opponent's deployment zone. At the start of your Shooting phase, you can select one **ADEPTUS MECHANICUS CHARACTER** unit from your Crusade army that is controlling that objective marker and is eligible to shoot. That unit is tasked with breaking the seals and, until the end of the turn, it is not eligible to shoot or declare a charge.

At the end of the turn, if that unit is within range of that objective marker, roll one D6: on a 3+, that unit gains 1XP; on a 6, your Crusade force gains 1 Archeotech Part as well.

REQUISITIONS

If your Crusade army includes any **ADEPTUS MECHANICUS** units, you can spend Requisition points (RP) on any of the following Requisitions.

CONSECRATED REMODULATION 1RP

After isolated periods of prayer to the Machine God, some Tech-Priests have declared themselves struck by new knowledge, reverently dismantling and then recombining ancient technology into new forms.

Purchase this Requisition at any time, if your Crusade force has two or more Archeotech Treasures. You can select two Archeotech Treasures and remove them from your Crusade force, then select a type of Archeotech Treasure and roll to assemble that Archeotech Treasure immediately, as described in the Assembling Archeotech Treasures section (pg 105).

ASSEMBLE ARCHEOTECH 1RP

The process of mechanical creation is a holy act undertaken with choirs of droning servitors, scores of chanting priests, sacred oils poured from bronze ewers, candles made from the bilge grime of revered ships and finally the Canticle of Humble Obeisance broadcast in Novabyte before a cell of the Motive Force is presented. Such, at least, is the process in one forge temple among thousands.

Purchase this Requisition at any time, if your Crusade force has at least one Power Source and at least one other type of Archeotech Part. You can use one Power Source and one other type of Archeotech Part your Crusade force has to assemble an Archeotech Treasure, as described in the Assembling Archeotech Treasures section

AUTO-SERMON OF DEPLOYMENT 2RP

Tech-Priests are loath to risk the most precious and storied artefacts of Humanity's past in the fires of war without intensive and ostentatious rituals of preservation. The benediction of the Omnissiah is invoked in incense-fogged rites that ring to choruses of binharic praise, as his guardianship is sought.

Purchase this Requisition before a battle. Select one **TECH-PRIEST** model (excluding **EPIC HEROES**) from your Crusade army, then select one piece of Legendary Archeotech your Crusade force. Until the end of the battle, that **TECH-PRIEST** model is equipped with that piece of Legendary Archeotech. You cannot select the same piece of Legendary Archeotech two battles in a row.

BATTLEWARE REPROGRAMMING 3RP

Tech-Priests have no hesitation in ruthlessly altering the neural cogitation of their cybernetic soldiers and thrall constructs to better serve their whims. The most aggressive disciples will alter their own synapses to suit the needs of the Omnissiah or their own ambitions.

Purchase this Requisition at any time. Select one **INFANTRY** unit from your Crusade force that has one or more Battle Honours. Remove those Battle Honours and select new ones as if that unit had just gained them based on its current rank.

BATTLE TRAITS

When an **ADEPTUS MECHANICUS** unit gains a Battle Trait, you can use one of the tables presented here to determine which Battle Trait that unit has gained.

TECH-PRIEST Units — D6

MACHINE SAVANT

This lord of mechanisms is able to heal catastrophic damage done to servile war engines, even to entreat fading machine spirits back from the brink of extinction.

At the end of the battle, if this unit was part of your Crusade army and was not destroyed during the battle, you can ignore one failed Out of Action test taken for an ADEPTUS MECHANICUS VEHICLE unit from your Crusade army - that test is treated as having been passed.

VOLTAGHEIST SHOCK

By hypercharging the very air around threatening foes, the Tech-Priest can scorch flesh and fry nerve ganglia.

Once per battle round, in your opponent's Charge phase, just after an enemy unit selects this unit as the target of a charge, roll one D6: on a 3+, that enemy unit suffers D3 **mortal wounds** and must take a Battle shock test.

HOLY ACQUISITOR

The most talented Tech-Priests have honed their acquisitive skills through extreme self-augmentation.

At the end of a battle you won, if this unit was in your Crusade army, roll one D6: on a 6, your Crusade force gains 1 Archeotech Part.

CONTROL CORTEX

This Tech-Priest maintains a sub-cranial node via which they suppress self-determinative instincts in their servants.

While this model is leading a unit, you can re-roll **Battle-shock tests** taken for that unit.

HEXAMATHIC CHORALE

With a mechanical voice raised in exaltation, this zealot rouses loyal machine spirits to unleash a multi-spectral fanfare o f sensor-clouding static.

Once per battle round, one ADEPTUS MECHANICUS SMOKE unit from your army that is within 12" of this unit can be targeted with the **Smokescreen** Stratagem for OCP, even if a different unit from your Crusade army has already been targeted with that Stratagem this phase.

TELEPORTATION NODE

With an empyrically shielded device, this Tech-Priest can whisk their servants away in a teleportation flare.

At the end of your Movement phase, if this unit is not within **Engagement Range** of one or more enemy units, you can remove it from the battlefield and place it into **Strategic Reserves**. If you do, until the end of your next turn, this unit has the **Deep Strike** ability.

SKITARII CHARACTER Units — D6

INTEGRATED REFRACTION EMITTERS

Cyborgised soldiery that repeatedly prove their great worth to their masters may be gifted with an embedded suite of refractor field nodes to prolong their service.

This model has a 4+ invulnerable save.

BATTLEFIELD PROCESSING CORTEX

The most experienced Skitarii Marshals can perform incredible feats of tactical and strategic excellence, a trait reinforced by their masters with further augmetics.

Each time you target this model's unit with a **Stratagem**, roll one D6, adding 1 to the result if that unit is equipped with an enhanced data-tether: on a 5+, you gain 1CP.

SECUTOR-CLASS BLADE IMPLANTS

Implanted with a variety of hidden combat augmetics and force-loaded with the skills to employ them, this Skitarius righteously executes the Omnissiah's foes.

Once per battle round, when an enemy unit ends a **Charge move** within **Engagement Range** of this unit, roll one D6: on a 2-5, that enemy unit suffers D3 **mortal wounds**; on a 6, that enemy unit suffers 3 mortal wounds.

INFANTRY and MOUNTED Units — D6

Excluding CHARACTER units

ENHANCED BIONICS

These Skitarii are veteran soldiers of the Machine God, and granted a number of enhanced augmentations.

This unit has a 4+ invulnerable save. If this unit is a BATTLELINE or KATAPHRON unit, it has a 5+ invulnerable save instead.

KILLCODE GEAR SWITCHES

With a single broadcast signal, the masters of these Skitarii activate reinforced servos, additional fibre bundles and flood their altered brains with stimulants.

Add 1 to the Strength characteristic of melee weapons equipped by models in this unit.

FERVENT LOCOMOTION

With turbopiston enhancement and a zealous devotion to the Machine God, these warriors tirelessly close the distance to their masters' priority acquisitions.

Add 1 to the Movement characteristic of models in this unit and add 1 to **Advance rolls** made for it.

VEHICLE Units — D6

SANCTIFIED ENGINE

Reverently cleansed before every activation by a cabal of Enginseers dedicated solely to its well-being, this machine's engine thrums with sacred efficiency.

Each time this unit Advances, do not make an Advance roll. Instead, until the end of the phase, add 6" to the Move characteristic of models in this unit.

HARDENED MACHINE SPIRIT

The machine spirits of this war engine's many systems are hailed as a focused cohort in their own right.

You can ignore any or all modifiers to this unit's characteristics and/or to any roll or test made for it (excluding modifiers to saving throws).

BLESSED SPIRIT

The indomitable animus at the heart of this vehicle is praised for its refusal to yield.

This unit has the **Feel No Pain 6+** ability.

CRUSADE RELICS

When an ADEPTUS MECHANICUS CHARACTER model gains a Crusade Relic, you can select one of the Crusade Relics presented here.

ARTIFICER RELICS

MULTIPLEXED NEURAL INDUCER

Plugged into the devotee's brain matter, additional cogitation engines allow for a measure of mental control over nearby servants.

Once per battle round, while the bearer is leading a unit, you can target that unit with the **Fire Overwatch** Stratagem for 0CP and can do so even if you have already targeted a different unit with that Stratagem this phase.

KARDIOCORE GALVANUS

Embedded in the zealot's chest cavity, this fist-sized galvanic cell pulses with rhythmic power, radiating its pounding vitality.

While the bearer is leading a unit, add 1 to **Advance** and **Charge rolls** made for that unit.

ANTIQUITY RELICS

EXEMPLAR'S ETERNITY

Among the verbose tracts on martial dogma penned by the Secutors of Mars, the name Trantium-01 is appended in micro-scriptum to treatise after treatise. Before expiration, the venerable Marshal was hailed by Mars as a Skitarius Exemplar and - in death - was refashioned into a servo-skull; a singular honour for the usually disposable Skitarii.

SKITARII model only. At the start of the battle, select one enemy unit. Each time a model in the bearer's unit makes an attack that targets that enemy unit, re-roll a **Hit roll** of 1 and re-roll a **Wound roll** of 1.

LEGENDARY RELICS

AUTOCADUCEUS OF ARKHAN LAND

This rod's runic tip can impart blessed energy to anything metallic that the wielder strikes. Cyborgs and engines so struck will stitch themselves back together, as if repaired by the Technoarcheologist.

Once per battle, when a different friendly **ADEPTUS MECHANICUS** model within 6" of the bearer is destroyed, you can roll one D6 at the end of the phase instead of triggering any rules that are triggered when a model is destroyed (e.g. **Deadly Demise**). On a 3+, set that model back up on the battlefield as close as possible to where it was destroyed and not within **Engagement Range** of any enemy models, with up to 6 wounds remaining (this cannot allow a model to return with more wounds than its Wounds characteristic).

CRUSADE BADGES

When your Crusade force accomplishes specific long-term goals, you can earn the Crusade badges shown below, representing your warriors' successes over many battles.

ARCHEOTECH QUESTORS

Your devoted maniples of augmented soldiery and sacred war machines have proven worthy crusaders in the Quest for Knowledge. With each victory in the name of the Machine God, stratum of time and mystery have been peeled back, laid bare beneath the glare of the Omnissiah's gaze. Your force's ruling Tech-Priests have unearthed incredible artefacts from Humanity1 past, ensuring they take their rightful place in their possession. But with every discovery are tantalising clues to greater prizes. Knowledge knows no limits.

- You have assembled at least 1 Archeotech Treasure.
- You have won at least 1 battle.

ARCHEOTECH DISCIPLES

In your holy quest, you have expanded the influence of your forge world in an exponential cascade of fervour. You have wrested lost technologies from selfish armies of heretics, sundered enemy bastions occupying sites of ancient lore and purged xenos forces from glittering seams of resources destined to fuel your crusade. Every achievement won through cold logic and fanatical faith, and every treasured mechanism salvaged from the dead hands of ignorant foes, exposes new veins of opportunity to exploit.

- You have assembled at least 5 Archeotech Treasures.
- You have claimed at least 1 piece of Legendary Archeotech.
- You have won at least 6 battles.

ARCHEOTECH MASTERS

The weak flesh of the enemy greases the cogs of war that grind inexorably onwards. Your cohorts and macroclades of cyborg warriors, augmented assassins and hulking war engines are an industrial war machine, capable of pulverising all opposition at your binharic directive. You are a savant of the Machine God's mysteries, a vessel for the Omnissiah's benevolence and a living lightning rod of the Motive Force's animus!

- You have assembled at least 8 Archeotech Treasures.
- You have claimed all 3 pieces of Legendary Archeotech.
- You have won at least 10 battles.
